Annual Conference  
October 20, 2006  
Toledo-Lucas County  
Public Library  
Toledo, Ohio

Warning: This session may be too technical for non system administrator

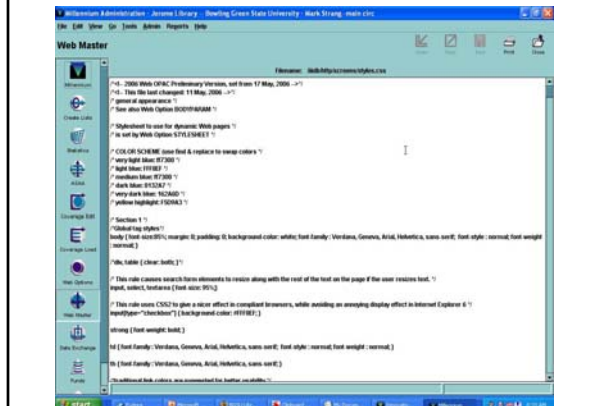

- To Be Covered:
- WebOPAC Development Tools
- Release 2006 and WebPAC Pro
- WebPAC Pro/Release 2006 Example Set
- briefcit.html, bibdisplay.html
- Troubleshooting display issues: webpub.def

- Firefox
  - Web Developer Tools
- <http://addons.mozilla.org/firefox/60/>
- great help for knowing which css style controls which part of screen

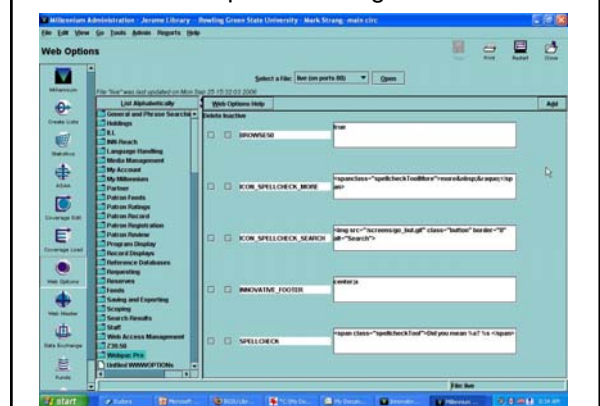

- MilAdmin
  - Client is free to those who have purchased any Millennium module.
  - Webmaster feature came with Release 2005 and it is really nice.
- Open Service Commitment to have MilAdmin added to your Millennium Toolbar. Consult manual page #106807
- For additional info see MilAdmin presentation by Corey Seeman from E.G.L.- I.U.G. from 2005  
<http://www.rodmanlibrary.com/iug/egl2005/2005webopac.pdf>

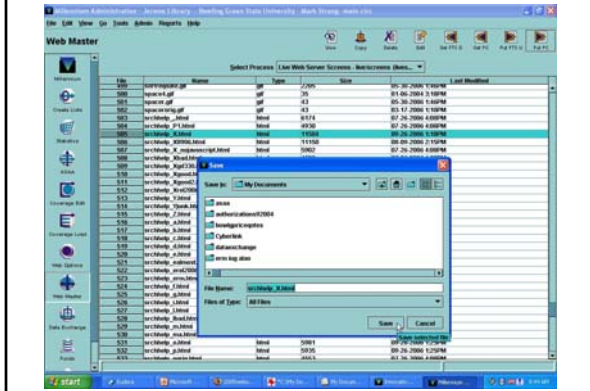

Webmaster: html text editor (lacks find and replace)

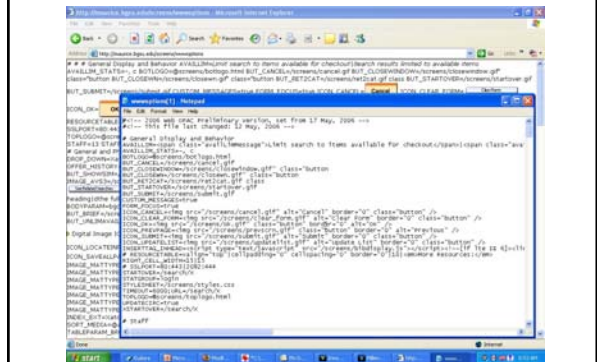

www options manager

- Use Data Exchange to get WebPAC files on and off your desktop with Millennium, if you own fts module.

- To see other people's wwwoptions:
- Using I.E. go to sites catalog: <http://maurice.bgsu.edu/screens/wwwoptions>
- A real yucky screen appears.
- Use the View Source and nice notepad file opens

- Upgrading to Release 2006: This does not activate the WebPAC Pro features.
- WepPAC Pro <http://csdirect.iii.com/faq/webpacpro.shtml>
- You open a ticket and activate it live for both servers (real and test ports).

- Right Results for Keyword Search Results: BGSU Explanation: [http://maurice.bgsu.edu/screens/help\\_index4.html](http://maurice.bgsu.edu/screens/help_index4.html)

- Other WebPAC Pro features:
- 50 results for search result page a big WebPAC Pro feature to our Reference Staff  
Wwwoption: BROWSE\_50=true
- WebPAC Pro is required for these new products:
  - (201WS) Spellchecker
  - (201FB) Rss Feedbuilder
  - (210WWR) My Rss Feeds
  - (201WPR) Patron Reviews
- Once Innovative installed WebPAC PRO
  - webpub.def file will control many aspects of display
  - (Innovative generates webpub.def based upon current display)

- We modified the Release 2006 example set for our design: [http://csdirect.iii.com/downloads/webopac/webopac\\_custom\\_files.shtml](http://csdirect.iii.com/downloads/webopac/webopac_custom_files.shtml)

- Anatomy of 3 BGSU Problems:
- Marc 240 - Uniform Title information not displayed in Keyword search results
- Marc 505 – Contents information not displaying in Bib display screen
- Checkin Record Location Information not displaying

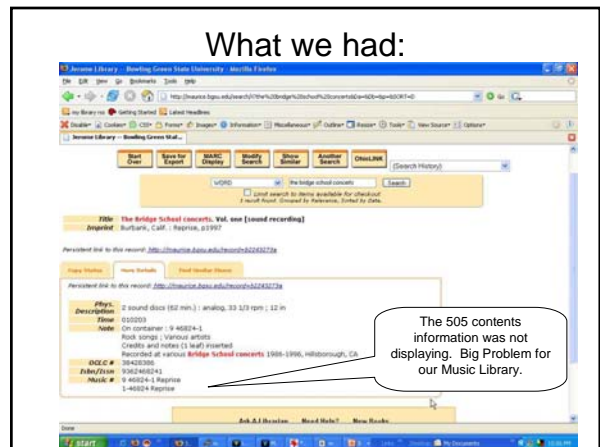

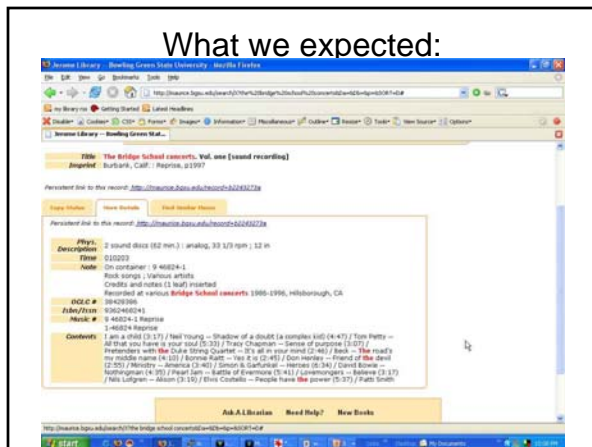

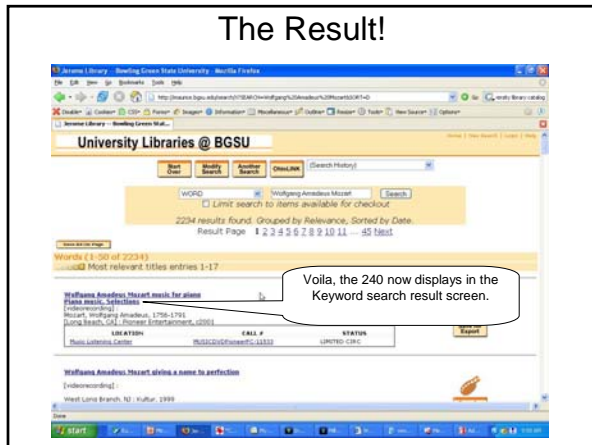

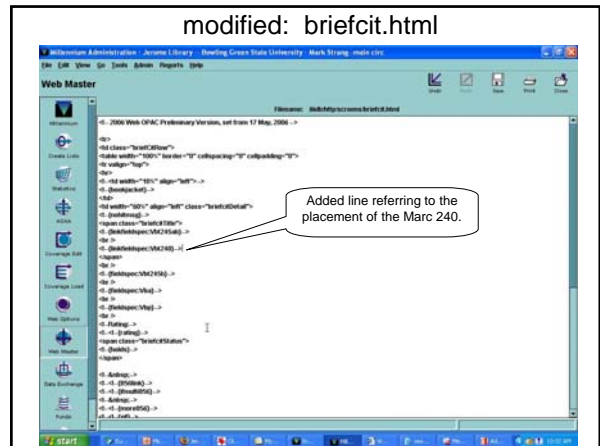

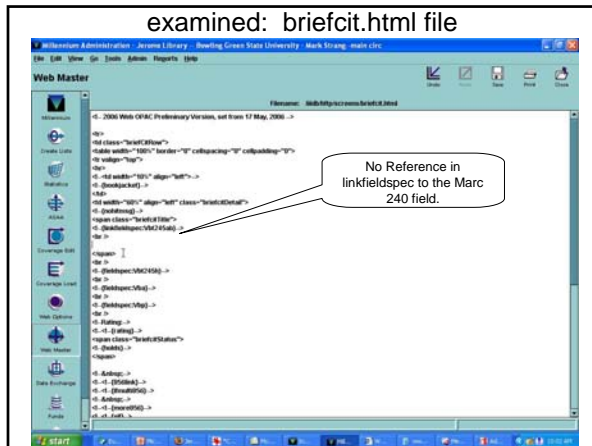

- ### The Easy Problem:
- Marc 240 Uniform Title data is not displaying in the brief keyword display.

### What we expected:

### What we had:

### examined: Marc Record

## examined: Marc Record

Data was in the MARC record!

No, Here is the 505 data in the Marc that is not displaying.

## examined: wepub.def

Noticed our Contents had a code m, but in the wepub.def it says: b|n|505|^12|&|Contents|b|

I added the m to the record into display.

It worked!!! And there was much rejoicing.

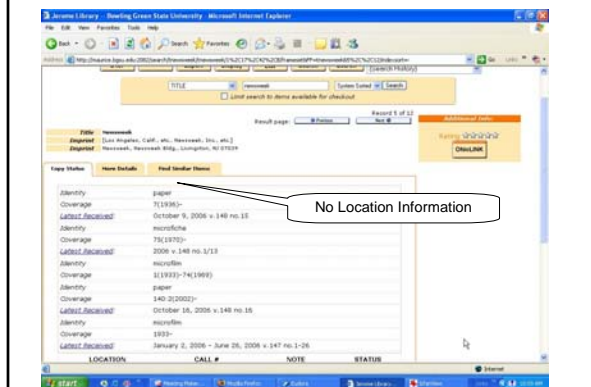

## The Serials Problem:

- No Hotlink for a location. (we had a problem in our LOC wwwoption no one notice before.
- No Checkin Record Location information was displaying in WebPAC.

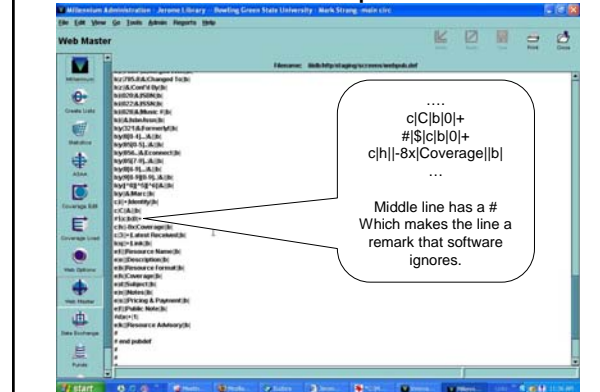

## Serial Display we expected:

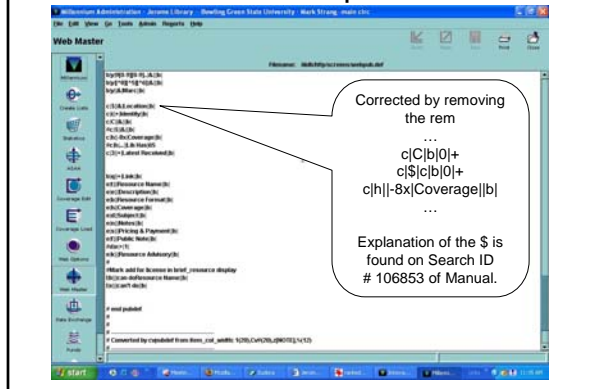

## Serial display we had:

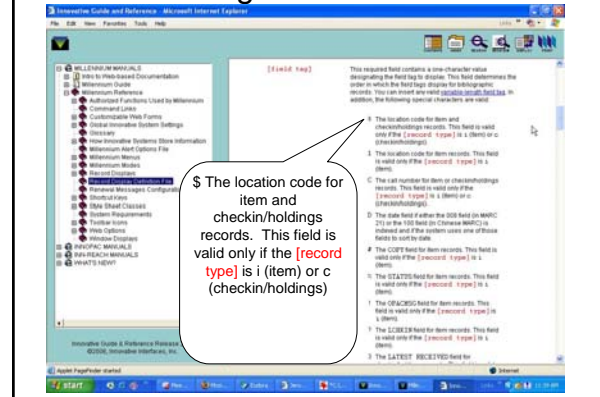

## examined: webpub.def

## modified: webpub.def
