Resource Format Computer data
Resource Format Text (Company report and financial statements)
Description Contains electronic filings from 1994 to the Securities and Exchange Commission that are available to the public
Description "Through its Electronic Data Gathering, Analysis, and Retrieval site EDGAR, the U.S. Securities and Exchange Commission (SEC) makes all submissions by U.S. public companies since 1993 available in full-text. Beginning in November 2002, all foreign companies listed on U.S. exchanges are also required to file registration statements, periodic reports, and other forms electronically through EDGAR. Filings include annual (10K) and quarterly (10Q) reports, annual reports to shareholders, and other filings that provide a comprehensive overview of a company's financial condition and business practices. Users may search by company name, the SEC's CIK (Central Index Key), File number, State or SIC (Standard Industrial Classification code). EDGAR is a key source for detailed company financial information for business and investment research." Reviewed February 28, 2003. "Best Free Reference Web Sites 2003," RUSA Quarterly, Fall 2003. Comp. by the MARS Best Free Websites Committee, RUSA, ALA
